

CIS (COMMENTATOR INFORMATION SCREEN)

Live timing is available in the velodrome for all teams and spectators. You will need to download the file V2-Commentator.exe and save it on your computer. You can download the files from the Official Result's website at :

<http://eurotrack2010.eu/news/results-s287.html/>

After installed, connect to the WIFI "lynx" network and start the V2-commentator.exe software. Please make allow your firewall to accept the connection (if require).

When there is no event on track, you will receive "heart beep" that's mean you are connect to the system. As soon as the timing will send information's the screen will change automatically to the appropriate event.

If you have any question, do not hesitate to consult the timing crew from DomTel and RSS company
